BANGALORE ECONOMIC CONFERENCE

No five-year plan of development has been received from the two premier municipalities in the State nor of course ^{from} ~~by~~ the other town and minor municipalities

2 No such programme appears to have been called for except scheme No 76 for underground and surface drainage with necessary disposal arrangements for the towns referred to therein, Schemes Nos 195 and 196 for Housing and Town Planning in Bangalore City and Scheme No 42 for concreting of trunk roads which would perhaps include concreting of provincial roads passing through towns and cities ^{the other}
Schemes do not relate to municipalities

3 It appears however essential to request these municipalities to draw up a five-year development plan, determine the priority for the schemes proposed and the ways and means for financing the same This will necessarily mean Government assistance in the shape of grants to such of the schemes as may be approved as the finances of these municipalities are limited even a modest 5-year plan will require grants from Government

4 It seems to be necessary to have similar plans drawn up for town and minor municipalities also

5 It appears desirable to get these plans as early as possible and accord
